

Customizable 3.2V 305ah Lifepo4 Battery Accepts OEM/ODM for EV ESSeve lifepo4 akku

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: china
- Brand Name: enook
- Model Number: 3.2V Lifepo4 Lithium Ion Battery

Product Specification

- Charging Temperature: 0 ~65
- Weight: 1920±100G
- OEM/ODM: Yes(Accepted)
- Battery Type: 3.2V 100Ah Lifepo4 Battery
- Voltage: Customized
- Discharging Temperature: -35 ~65
- Size: 118.5(H)*160(W)*50.1(T)
- Storage Temperature: 0 ~35
- Highlight: 3.2V Lifepo4 Battery,
Customizable Lifepo4 Battery,
305ah Lifepo4 Battery

Product Description

Product Description:

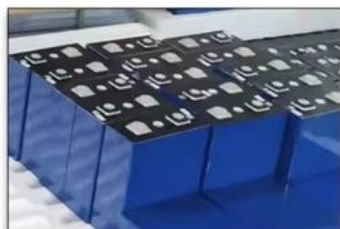

Available in ABS/Metal Case or OEM packaging, this battery is designed to be durable and long-lasting. Its cycling performance is impressive, with the ability to cycle through 6000 Cycles ~4000 Cycles. This makes it a great choice for anyone who needs a reliable power source that won't let them down.

In addition to its impressive cycling performance, the 3.2v LifePo4 Lithium Ion Battery is designed to be stored in a wide range of temperatures. It can be stored at temperatures ranging from 0 to 35 , making it a versatile option for anyone who needs a reliable power source in a variety of environments.

Overall, the 3.2v LifePo4 Lithium Ion Battery is a reliable and long-lasting power source that's perfect for a wide range of applications. Whether you need a removable battery for e-bike or a reliable power source for your electronic devices, this battery is a great choice.

Product Name	Lithium iron phosphate battery
Model	Lifepo4
Capacity	50Ah - 400Ah
Nominal Voltage	3.2V
Weight	1kg-6kg
PCB/PCM/BMS	Optional
Battery protection	Over charge&discharge, over current, short circuit
Cycle life	6000 times ≥80% capacity
Warranty	5 years

Features:

Product Name: LifePo4 Lithium Ion Battery

Standard Charge-discharge rate: 0.5C(P)

OEM/ODM: Yes(Accepted)

Standard Rating Cycle: 2000 (0.5C/0.5C)

Cycling Performance: 6000 Cycles ~4000 Cycles

Package: ABS/Metal Case Or OEM

Weight: Approx. 4.0~40.0kg

Designed for: lithium E-bike battery for electric bike/mountain bike/motorcycle/bicycle

Hailong electric bike battery

Technical Parameters:

Discharging Temperature	-35 ~65
Capacity	Customized (3.2v 105Ah 200ah 300ah 305ah)
Voltage	Customized
Size	118.5(H)*160(W)*50.1(T)
Battery Type	3.2V 280Ah Lifepo4 Battery
Weight	1920±100G
Standard Rating Cycle	2000 (0.5C/0.5C)
Storage Temperature	0 ~35
Charging Temperature	0 ~65
Package	ABS/Metal Case Or OEM

This 3.2v LifePo4 Lithium Ion Battery is suitable for various applications such as lithium E-bike battery for electric bike/mountain bike/motorcycle/bicycle. The capacity and voltage can be customized according to the user's needs.

Applications:

The enook 3.2V Lifepo4 Lithium Ion Battery, originating from China, is a powerful and reliable battery suitable for a wide range of applications. With a package option of ABS/Metal case or OEM, this battery is perfect for those who want flexibility in their battery packaging.

The battery is engineered with 100% NEW A-grade Cells that ensure optimal performance. It has a standard charge-discharge rate of 0.5C(P) and a standard rating cycle of 2000 (0.5C/0.5C). This guarantees the user excellent cycling performance with a lifespan of up to 6000 Cycles ~4000 Cycles.

The enook 3.2V Lifepo4 Lithium Ion Battery is suitable for a variety of applications, including use as a 60v battery pack. Its discharging temperature range of -35 ~65 makes it ideal for use in extreme weather conditions.

This battery is perfect for use as a lithium E-bike battery for electric bike, mountain bike, motorcycle, or bicycle. It is a reliable and powerful battery that can provide the energy needed for a long and comfortable ride.

Customization:

Quality: * 100% pre-tested before leaving the factory

* Specialized manufacturer with more than 10-years experience

* Excellent customer service and technical support

* Strict quality control system and professional R&D department.

Sample Policy:

*We support sample services.

*New sample as per requests: The sample is specially made as per your request. And the charges will be collected based on practical expense accordingly.

*Sample lead time: Ready sample in stock will be sent out within 1-2 days.

New sample will be sent out within 7 days upon confirming the deposit and artwork.

*Freight: Freight charge collected.

Support and Services:

The LifePo4 Lithium Ion Battery product technical support and services include:
- Assistance with product installation and set up

- Troubleshooting for any issues or problems
- Guidance on proper use and maintenance of the battery
- Information on the battery's specifications and capabilities
- Warranty and repair services
