

Portable Power Station With USB C Output For Outdoor Adventures

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: portable solar power station
- Minimum Order Quantity: 4

Product Specification

- Product Size: 9.84*5.51*6.69in/ 250*140*170mm
- Keywords: Outdoor Portable Emergency Power Station
- Product Name: Portable Power Station
- Special Features: Type C, Flashlight, RV Port, Cigar Lighter
- Discharge Temperature: -4-113°F/-20-45°C
- Battery Type: Lithium-ion
- Model: LA1000W
- DC Output: USB-C
- Highlight: **Outdoor Adventures Power Station,
Outdoor Adventures Portable Power Station,
USB C Output Portable Power Station**

Product Description

Product Description:

With a voltage range of AC110~220V, this power station is capable of powering up a wide range of devices and appliances. The special features of this power station include Type C, Flashlight, RV Port, Cigar Lighter ports, making it an all-in-one solution to your power needs.

Measuring at 9.84*5.51*6.69in/ 250*140*170mm, this power station is compact and portable, making it easy to carry with you on your outdoor adventures. The Outdoor Cabinet Energy Storage portable power station is perfect for those who need a reliable and long-lasting power source while on the go.

Whether you're camping, hiking, or just need a reliable power source during an emergency, the Outdoor Cabinet Energy Storage portable power station is the ultimate solution. Don't get caught without power again - get your hands on this high-capacity portable solar power station today!

Features:

Product Name: Portable Power Stations

DC output: USB-C

Product Size: 9.84*5.51*6.69in/ 250*140*170mm

Model: LA1000W

Output Wave: 1000W Sine Wave

Battery Type: Lithium-ion

Features:

Solar Power Station

High capacity portable solar power station

Outdoor Portable Emergency Power Station

Technical Parameters:

Model	LA1000W
Power Source	AC Adaptor, Solar Panel, Other
Output Wave	1000W Sine Wave
Battery Type	Lithium-ion
Voltage	AC110~220V
DC output	USB-C
Discharge temperature	-4-113°F/-20-45°C
Working humidity	10-90%
Product Size	9.84*5.51*6.69in/ 250*140*170mm
Description	Outdoor Portable Emergency Power Station, Outdoor Camping Portable Energy Battery, Pure Sine Wave

Applications:

The enook Portable Solar Power Station LA1000W is a high capacity power station that provides a reliable and portable power source for a wide range of applications. It is designed to be used in various occasions and scenarios, making it a versatile and convenient power solution for different needs.

With its compact size of 9.84*5.51*6.69in/ 250*140*170mm and lightweight design, this portable power station is perfect for outdoor activities, camping, hiking, and other adventures. It can power up your electronic devices and appliances such as smartphones, tablets, laptops, fans, lights, and small refrigerators.

The enook Portable Solar Power Station LA1000W can be charged in three different ways, AC Adaptor, Car, and Solar Panel, which makes it an ideal backup power source during power outages, emergencies, and disasters. The pure sine wave output wave ensures a stable and safe power supply to your devices and appliances, protecting them from damage.

This product is certified with CE, ROHS, FCC, UN38.3, and MSDS, ensuring its safety and quality. The minimum order quantity for this product is 4 units, making it an excellent choice for individuals, families, and businesses.

Overall, the enook Portable Solar Power Station LA1000W is a reliable and versatile power solution that can be used in various applications and scenarios. With its high capacity, AC Adaptor, Car, Solar Panel, and Pure Sine Wave features, it is an excellent investment for anyone in need of a portable power station.

Customization:

Packing and Shipping:

Product Packaging:

The portable power station will be carefully packed in a sturdy cardboard box with adequate padding to prevent any damage during transit. The box will also contain a user manual and charging cable for the power station.

Shipping:

We offer free shipping for the portable power station to all locations within the United States. The product will be shipped within 2 business days of receiving the order. Delivery time will depend on the shipping address, but typically takes between 3-7 business days. We ship through trusted courier services to ensure timely and safe delivery of the product.
