Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: portable solar power station
- Minimum Order Quantity: 4

Product Specification

- Product Name: Portable Power Station
- Inverter Type: Pure Sine Wave
- Power Source: AC Adaptor, Solar Panel, Other
- Output Wave: 1000W Sine Wave
- Special Features: Type C, Flashlight, RV Port, Cigar Lighter
- Voltage: AC110~220V
- Working Humidity: 10-90%
- Keywords: Outdoor Portable Emergency Power Station
- Highlight: **AC Car Charger Portable Power Stations,**
Solar Powered Portable Power Stations

Product Description

Product Description:

The Portable Power Station is just the right size for all your needs. Measuring 9.84*5.51*6.69in/ 250*140*170mm, this compact yet powerful device is perfect for all your outdoor adventures. The device is fitted with a fast charging Lifepo4 battery, which means you can charge your devices quickly and efficiently.

Whether you're camping, hiking, or on the go, you can stay connected and powered up with our Portable Power Stations. The device can be powered through an AC adaptor, a solar panel, or any other power source. This makes it perfect for those who like to travel off-grid or those who just need a reliable power source on the go.

The Portable Power Station is fitted with a lithium-ion battery, which means it can hold a charge for longer and provide more power to your devices. The fast-charging Lifepo4 battery ensures that your devices charge quickly and efficiently, so you can stay connected and powered up no matter where you are.

If you're looking for a reliable and efficient way to power your devices on the go, look no further than our Portable Power Stations. Whether you're camping, hiking, or on the go, you can stay connected and powered up with ease. With its solar power capabilities, fast charging Lifepo4 battery, and versatile charging options, this device is perfect for all your power needs.

Features:

Product Name: Portable Power Stations

Product name: Portable Power Station

Keywords: Outdoor Portable Emergency Power Station

Working Humidity: 10-90%

DC Output: USB-C

Battery Type: Lithium-ion

Features:

High capacity portable solar power station

Solar power station

Portable and lightweight design

Multiple charging options

Rechargeable via solar panels or AC outlet

Built-in LCD screen to display battery status

Multiple safety features including overcharge protection and short circuit protection

Perfect for outdoor activities, camping, and emergencies
